Pages Transmitted (including cover sheet): 2

Remarks: Sorry it took so long to respond -

Here is Brewster's bio. (He won't need hotel info.)

About the video for his presentation - I found out that he will want to show a video (regular VHS tape) during the presentation.

Please call if you have any questions,

Thanks for your patience,

Dia Cheney

Marcia Hanna, 2:38 PM 9/30/1..., Your Presentation at the DTIC Annual Conference 1

Date: Mon Oct 18 14:38:56 1993
From: mhanna@dgis.dtic.dla.mil (Marcia Hanna)
Subject: Your Presentation at the DTIC Annual Conference
To: brewster@wais.com
Cc: blesser@dgis.dtic.dla.mil, hhaller@dgis.dtic.dla.mil
Status: N

Huddy Haller forwarded your em of 2 Oct to Barbara Lesser, my boss. Barbara in turn forwarded it to me as the person in charge of conference arrangements.

First, we had envisioned your presentation as one of fairly broad content. It is described in the flyer as "Mr. Brewster Kahle, President, WAIS, Inc., will provide his insights on the rapid changes that are occurring in information technology." Of course, we expect that to have a heavy emphasis on issues related to WAIS. And there is no reason that you should not use DTIC as an example of how WAIS might be implemented. However, it is too late to provide for a phoneline/Internet connection from the room where you will speak.

I understood that you had requested a VIDEO large screen set up from Bonnie Klein. Are you re-considering using the video? If so please let us know so we can cancel the order because these things are very expensive to rent. No problem providing it if you are going to use it; if not, we would like to spend the money elsewhere.

You are the keynote speaker on 3 Nov.; no concurrent sessions are running. We expect an audience of approximately 250 persons for your presentation.

PLEASE FAX A BIO TO US ASAP. We need to get it printed up as a handout. Please fax to 703-274-9274 to my attention.

Do you need hotel information? If so, I will provide that to you promptly.

b no

My phone number is 703 274-3216. I am easier and more reliably reached via internet: mhanna@dgis.dtic.dla.mil
